

Why participate?

- Exposure to investors and corporate power players at the largest European annual clean technology meeting
- Take advantage of an array of expertise at a growth company masterclass
- Record a video to increase visibility to leading investors and others after the event
- Assess latest trends and understand the competitive landscape
- Receive a special offer to gain access to Cleantech Group market intelligence
- Meet clean technology press and industry analysts

European and Israeli Cleantech Showcase

Network. Be visible.

Join Cleantech Group at the annual European Cleantech Forum that attracts the pan-European and wider International venture community united by their interest in growth clean technology companies.

On April 28-30 2009, over 300 leading venture investors and corporations active across a range of sectors seeking clean technology solutions will congregate in Copenhagen at Cleantech Forum XXII, the longest-running cleantech event series in the world. Join them.

Find capital, customers, partners and advisers.

Be among the 50-100 cleantech companies at the Forum. Nowhere else in Europe's calendar will you find this group of influencers in one place at an open meeting. Relative to comparable European events, Cleantech Forum Copenhagen provides unparalleled access to industry influencers and networking opportunities.

Participate at different price points.

20-30 CEOs will be hand-picked to contribute to 'In the Spotlight' thematic sessions as speakers – see over. In addition, there are other ways for companies to participate. Packages start at €400 and could include any or all of the following:

- Ticket to the Forum - learn and network
- Profile in conference attendee packet - if confirmed and paid by April 7, 2009
- Video presentation - to create visibility at, but more importantly beyond, the Forum (only limited slots available)
- Exhibit space - in a highly trafficked area
- Admittance to a Forum Masterclass - on April 30, benefit from a series of roundtable mini-sessions with investors and experts on subjects such as IP/corporate law, capital-raising, company/team-building, compensation planning, marketing and more
- Access to market intelligence for 3 months - enjoy latest cleantech news and trends, and obtain access to insider information on cleantech deals, companies and investors

"A great and well-done job - many good contacts."

Philipp Hasler
- Emerald Technology Ventures, Zurich

"Strong European investor presence."

Mohammed Salah-Eldin Imbabi
- Chairman/CTO, EBP

'In the Spotlight' sessions

Cleantech Forum XXII will run 8 sessions in which market experts, investors and growth companies will intermix to characterise the innovation going on, and needed, against specific themes. 20-30 CEOs from European and Israeli growth companies will be invited to participate in such sessions. The 8 themes are:

Eco-packaging – Enabling Energy Efficiency through bio-innovation – Offshore Cleantech – Smart Grids – Sustainable Materials – Treating Water differently – Waste & Recycling – Waste Not, Want Not: Heat & Energy

Nordic Clean technology companies

Select CEOs, from the forthcoming Nordic Cleantech 50, will be invited to participate in a session on clean technology within the Nordic area.

Packages for European & Israeli growth cleantech companies

In addition to the above, there are a number of other ways companies to take advantage of the Forum. Options include:

- Option 1 - attend the Cleantech Forum Masterclass April 30th
- Option 2 - attend the entire Cleantech Forum, the Masterclass, and do a video pitch (which will be visible online to thousands of Cleantech Network members worldwide after the Forum)
- Option 3 - Option 2 plus 3 months access to Cleantech Network's data and insight – click [here](#) for more details on the benefits of Cleantech Network membership
- Option 4 - Option 3 plus an 8' x 8' exhibit space that includes a skirted 6' table and chairs and the right to distribute marketing materials at company table

About the Cleantech Forums

Since 2002, Cleantech Group global forums have set the standard for networking, thought leadership and deal flow in the cleantech space. More than \$1.5 billion has been raised by those who have presented at the Forums. Registrations are restricted to senior decision-makers from venture capital, pensions, investment banks, family offices, endowments, corporate ventures, select service providers, policy makers and thought leaders.

Cleantech Group holds five forums each year: Europe, San Francisco, a North American east coast event, and events in India and China.
